La marca de la gestión forestal responsable
FSC® C134171

PEFC™ CoC

PEFC™ certification ensures that forest products are produced in compliance with the highest environmental, social and ethical standards. Products with the PEFC™ mark and/or label provide customers and end consumers with the security of knowing that the raw materials come from sustainably managed forests, recycled and controlled sources.

OK compost TÜV AUSTRIA

Our biodegradable and compostable papers are totally environmentally friendly, degrading under composting conditions and turning into nutrients. 100% virgin cellulose paper with high gloss paraffin treatment of vegetable origin in accordance with UNE-EN 13432:2001 standard.

AENOR: high recycled content bag

This certificate ensures that: These bags have greater capacity and strength than traditional bags. The bags are made of 100% recyclable material. They are printed with environmentally friendly inks. Energy and water consumption has been reduced in their production.

AENOR: post-consumer recycled plastic

Declaration made by manufacturers on the content of post-consumer recycled material that has been used in the manufacture of a product.
